

DECATUR MORNING REVIEW.

DECATUR, ILLINOIS, WEDNESDAY MORNING, JUNE 4, 1890.

10 CENTS A WEEK.

VOL. XII. NO. 147.

ROWELL'S ASSERTION.

The Election Law of South Carolina Unconstitutional.

REPORT IN A CONTESTED ELECTION.

An Argument Intended to Show That the Registration and Election Law of South Carolina Is in Direct Opposition to the Federal Constitution—Proceedings in the National Legislature—House Members Anxious for Adjournment.

WASHINGTON CITY, June 3.—Rowell of Illinois, the chairman of the house committee on elections, has completed the report of the committee in favor of seating Miller, Republican, contesting the seat of Elliott, Democrat, the present member from the Seventh district of South Carolina. The report contains the sensational assertion that the registration and election law of the state of South Carolina is unconstitutional, and the grounds for this statement are set forth at length, premising his argument in this connection by showing that the co-operation of the United States provides that persons shall be disfranchised for murder, treason or felony only.

Opposed to the Federal Constitution.
Rowell synopsizes the South Carolina law, which he claims is in direct opposition to the federal constitution. This law, it is stated, provides that any person who was qualified to vote after the year 1881, and failed to register, shall be forever disfranchised. It is also provided that persons who failed to register at the first election after acquiring residence in the state, and persons who negotiated their registration certificates for a consideration, also should be disfranchised.

MILLER'S Majority.
The report states that the committee did not throw out votes in dispute because of the unconstitutionality of the state election law, however, but because of ballot-box stuffing, shifting of ballot-boxes so as to deceive the Republican voters and other alleged frauds. The committee decides that according to the way of counting most favorable to Elliott, giving the benefit of the doubt, Miller, the contestant, still has a majority of 757 votes while according to the strict legal method of counting, Miller's majority is placed at 1,484. Wilson of Missouri will make a minority report for the Democratic members of the committee.

SOLONS BECOMING RESTLESS.
Considerable Talk Around the Capitol About Adjournment.

WASHINGTON CITY, June 3.—There is a good deal of talk about adjournment around the Capitol and the members of the house are becoming restive. They are anxious to get home to look after their renominations and campaigns for re-election, but the situation of legislation at present is not hopeful for an adjournment for several weeks. The Republicans have been aiming at June 23 for adjournment day, as they wish to make a record for quick work and a short session. But Speaker Reed admitted that the house would not be ready to adjourn before the 5th of July. Mr. Muller said that it would take the senate at least a month to get rid of the tariff bill, which will bring the session to July 4, without allowing any time for the consideration of the measures in conference. It is scarcely probable that an adjournment can take place before the middle of July, and it may be postponed until Aug. 1.

The Day in Congress.
WASHINGTON CITY, June 3.—In the Senate Tuesday morning a resolution of the Louisiana legislature tendering thanks to congress and the president for the timely aid afforded to the people in the submerged districts, was presented. The consideration of the silver bill was resumed.

The house non-convened in the senate amendments to the house bill for the purchase of a postoffice site at Washington City, and a conference was ordered. Senate bill was passed, changing the boundary lines of the reservation of the Uncompahge Utes; also senate bill authorizing the sale or timber on certain lands reserved for the use of the Menomonee tribe of Indians in Wisconsin. The house then took up the contested election case of McDuffie vs. Turnip from Alabama.

They Could Not Agree.
WASHINGTON CITY, June 3.—After a talk between Senator Davis and Representative Morrill, chairman of the two committees on pension, it was believed that an agreement would be finally and formally reached by the conferees on the general pension bill. But when the conferees came up Tuesday morning with the instructions of the Republican caucus of the night before to maintain the principle of service pensions, it was manifest that an agreement could not be secured under those conditions and a vote to report disagreement to the respective houses, was adopted. The service pension feature was the only one of any importance upon which the conferees could not agree.

Japanese Exhibition at the World's Fair.
WASHINGTON CITY, June 3.—Gustavus Goward, formerly secretary of the United States legation at Tokio, Japan, has left Washington with credentials from the state department on a singular mission. Mr. Goward has been designated as a special commissioner to proceed to Japan and arrange for a Japanese exhibit at the Chicago fair. He is instructed to arrange for the exhibition of a complete Japanese village, including houses, families, all necessary domestic utensils, tools and workmen to display the ordinary trades and occupations in Japan. It is intended that this shall be one of the chief attractions of the fair.

Criminal Cases.
WASHINGTON CITY, June 3.—The president has commuted to fourteen months of actual imprisonment the sentence of two years in the case of Franklin P. Burns, convicted in Kansas of perjury. He has submitted applications for pardon in the cases of George Swinton and James H. McGrindley, each of whom was convicted in Ohio of serious violations of the pension laws.

National Debt Statement.
WASHINGTON CITY, June 3.—The summary of the national debt statement is as follows: Total interest bearing debt, \$300,440,041; total debt on which interest accrued since maturity, \$1,973,601; debt less cash in treasury June 1, 1890, \$1,008,888,892; decrease of debt during month, \$6,661,871; total cash in treasury as shown by treasury general account, \$308,352,711.

OHIO SONS OF VETERANS.

Eighth Annual Encampment To Be Held at Mansfield, June 10, 11, 12 and 13. MANSFIELD, Ohio, June 3.—The eighth annual encampment of the Ohio Division Sons of Veterans in this city June 10, 11, 12 and 13 will be the most largely attended and most successful yet held. The encampment will be strictly military, and the 2,500 visiting members of the order will go into camp on the fair grounds. McElroy camp has made extensive preparations for the event. At least 15,000 strangers are expected during each day of the encampment.

An Interesting Program.

WASHINGTON CITY, June 3.—Rowell of Illinois, the chairman of the house committee on elections, has completed the report of the committee in favor of seating Miller, Republican, contesting the seat of Elliott, Democrat, the present member from the Seventh district of South Carolina. The report contains the sensational assertion that the registration and election law of the state of South Carolina is unconstitutional, and the grounds for this statement are set forth at length, premising his argument in this connection by showing that the co-operation of the United States provides that persons shall be disfranchised for murder, treason or felony only.

Opposed to the Federal Constitution.
Rowell synopsizes the South Carolina law, which he claims is in direct opposition to the federal constitution. This law, it is stated, provides that any person who was qualified to vote after the year 1881, and failed to register, shall be forever disfranchised. It is also provided that persons who failed to register at the first election after acquiring residence in the state, and persons who negotiated their registration certificates for a consideration, also should be disfranchised.

MILLER'S Majority.

The report states that the committee did not throw out votes in dispute because of the unconstitutionality of the state election law, however, but because of ballot-box stuffing, shifting of ballot-boxes so as to deceive the Republican voters and other alleged frauds. The committee decides that according to the way of counting most favorable to Elliott, giving the benefit of the doubt, Miller, the contestant, still has a majority of 757 votes while according to the strict legal method of counting, Miller's majority is placed at 1,484. Wilson of Missouri will make a minority report for the Democratic members of the committee.

Big Row Among Tramps.

CENTRALIA, Ills., June 3.—There are about 1,000 tramps lying about the outskirts of town, and Monday afternoon a gang of negroes became involved in a row with some white men over a game of "craps" which resulted in a general fight, in which three men were badly wounded, one fatally. A colored man did the shooting, wounding two, but was himself cut in the neck and on the head. Boards, clubs and bricks were used by the tramps, while the darkey stuck to his revolver as long as it was loaded. The police force has been doubled, yet it is almost impossible to keep the rowdy, drunken mob out of mischief.

Suicide of an Enumerator.

NEW YORK, June 3.—Frank Langue, who had been drinking because his sweet heart rejected him, and who had lost his position as carriage maker, but had obtained an appointment as census enumerator, committed suicide Monday afternoon. Langue was, it is said, alarmed at the stories that the census men would meet with violence, and he drank heavily to fortify his courage. He became fatigued, and when he awoke it was too late to begin his day's work. He remembered that there was a \$300 fine in such cases and took rough oaths, which speedily ended his existence.

Increased their Employees' Wages.

LONDON, June 3.—The Guinness Brewing company has voluntarily added a shilling a week to the wages of each of its employees, supplementing the announcement with the statement that the proprietors of the company's business justify it sharing the increase of profits with the men who have contributed to it by their industry and fidelity. This increase of wages, made quite unexpectedly and without notice, will add the sum of £7,000 a year to the company's pay roll and indefinitely increase its popularity as well as that of its products with the working class.

Many Baltimore Saloons Closed.

BALTIMORE, Md., June 3.—Nearly 2,000 saloons in Baltimore that were doing a flourishing business a month ago were closed Monday. In some of the lower wards, mostly populated by the Irish, where there were from six to a dozen saloons in a block there is now but one. The revenue of the city is increased about \$100,000 a year. One clause of the law not rigidly enforced is that requiring a clear view from the street of the drinking bars. The screens and frosted glass doors and windows continue.

Hardy Worth Mentioning.
NEW ORLEANS, June 3.—The Picayune's Halliehaw, Miss., special says: A negro named George Stevenson attempted an outrage on a widow, Mrs. Dearman, a few miles north of this place last Friday night. He was captured and, after comparing tracks made with his shoes and finding them to be the same, he confessed. Two men started to Auguste to put the brute in jail, and about eight miles from there he established a comic weekly in London called The Tomahawk, and published a series of daring cartoons in his paper and finally wound up with one of "Brown's Study," portraying John Brown in the act of gazing longingly at England's throne. Matters became hot for Morgan that he came to this country, and had been here ever since. He was a fine scenic artist.

Hurt by a Falling Roof.

FREIGHTERS, Ills., June 3.—Part of the roof of an old church, near which a new one was being erected, fell, carrying with it five men, all of whom were seriously injured and two of whom may die. The injured are: John Conighan, leg fractured and face crushed—dangerously hurt; Fred Hill, spine fractured; Charles Rudolph, spine injured; Peter Zimmerman, right leg, arm and back injured; John Popkes, scalp wound and internal injuries.

The Oregon State Election.

PORLAND, Ore., June 3.—In the state election held Monday the vote for governor will be close, but the returns received seem favorable to Pennoyer (Dem.). Meagre returns from the state indicate the re-election of Herman (Rep.) for congress by from 4,000 to 6,000 majority. The Republicans will probably have a majority in the legislature on joint ballot.

Farmer and Laborers Combine.

SULLIVAN, Ills., June 3.—The Farmers' Mutual Benefit association and the Laborers' association met in convention and nominated the following ticket: County Judge, Capt. J. A. Freedland; clerk, Abia Chappel; sheriff, J. M. Kuhl; treasurer, John E. Bolin, superintendant of schools, G. W. Monroe. Two are Republicans and three are Democrats.

Was Dead Against Licenses.

TOLON, Ills., June 3.—Dr. W. H. Zorger, an anti-license member of the village board of Sadores, has been taken to Springfield by a deputy United States marshal on a warrant for selling intoxicating liquors without a government license. There are said to be over one hundred counts against him.

Was the Erin Overloaded?

DODGE CITY, Ills., June 3.—The inquiry now in progress by the board of trade into the loss of the National line ship Erin is being pursued in the direction of ascertaining whether or not the vessel was overloaded. The suspicion that this was the case has long been entertained in official quarters.

IN ANNUAL CONVENTION

Amalgamated Association of Iron and Steel Workers.

IMPORTANT MATTERS TO CONSIDER.

Many Changes To Be Made in the Present Scale of Wages—Lively Fight Looked for Over the Differences Between the Bouchers and Cutters and Rollers—The Manufacturers Already Preparing for Trouble—Some Expressions.

PIRATESBURG, Pa., June 3.—The annual convention of the Amalgamated Association of Iron and Steel workers was opened at Turner hall in this city, with 200 delegates from all parts of the country. The session was taken up almost entirely with perfecting the organization and nothing of interest transpired. The most important matter to be considered, as usual, will be the adoption of a new scale of wages. The provisions of the new scale, which will probably not be presented to the convention for several days, are guarded with great secrecy by the members of the wages committee.

Changes in the Scale.

It is known that many changes will be made in the scale, and the most important of these is the advance to be asked for in rolling. This was not decided upon by the wages committee individually. A member of the committee said that an expression had been secured from every subdivision lodge, and the committee was compelled to be governed by the wishes of the majority. If the scale as reported to the convention is adopted \$1 will be asked for rolling on a 2-cent card and \$7.25 on a 3, with 50 cents extra per ton for half pig iron and half pot-metal and stove plate. Other extras will be charged ranging from 25 cents to \$1 for castings and runners over seven-and-a-half pounds and for hot-ore fix.

A Lively Time Expected.

There will be more "extras" in the scale this year than usual, owing to the admission of laborers and common mill hands, who must be provided for. There will be a lively fight over the differences between the rollers and catchers and rollers. The rollers make as much as \$20 per day for seven and eight hours respectively. They are asking for a more equal division of the wages paid the rollers. Some rollers make as much as \$20 per day, according to a general rule, and the rollers and catchers regard this as unfair. There will also be a struggle for an advance in all departments of steel mills. The men here want a 10 per cent. advance all around in every department. They will ask for this, and will compromise the matter on the adoption of a sliding scale, to be governed during the year by the price of steel.

Two Young Ladies Drowned.

LEAVENWORTH, Ind., June 3.—A party of young people left here on a fishing trip down the Arkansas river. When they reached Midland bridge a young man named Breanne attempted to assist Annie Barrie and Laura May to cross upon a plank which was laid across the stream. When in the center of the plank it turned, throwing all three into the roaring waters. After a hard struggle Breanne managed to save himself, but the two girls were drowned. The body of Laura May was recovered three miles down the river from the scene of the accident. The other body has not yet been found.

Garibaldi's Statue Decorated.

NEW YORK, June 3.—The decoration of Garibaldi's statue in Washington square took place Monday morning in the presence of a large number of people. Several Italian societies participated in the ceremonies. When the statue had been decorated with flowers and bunting the military section of the societies saluted the statue in Italian style. Contorno's band then played selections of Italian patriotic music. The parades then went to Bremer's park, where the sharpshooters participated in a prize shooting match.

Herbert Spencer's Health.

NEW YORK, June 3.—In acknowledging receipt of the congratulatory address forwarded to him on his birthday by the Brooklyn Ethical society, Herbert Spencer writes expressing great appreciation of the remembrance and adding: "In response to the good wishes expressed for my health, I may say that notwithstanding past relapses, I have much improved during the past four months, and I am not without hope that I may still be able to complete the last division of my work."

Kennemer's Case.

BUFFALO, N. Y., June 3.—District Attorney Quincy and Charles S. Hatch, attorney for Murderer Kennemer, appeared before the general term of the supreme court, and at the request of Mr. Hatch an order was directed entered confirming the decision of Judge Underwood to the effect that the warden of Auburn was not Murdoch and were positive that it was not Murdoch. The police believe that if the circus man is missing at all he is off on a prolonged spree. The body was that of a man about 35 years old, rather tall, well built and had apparently been in the water about four days.

Getting at It in Another Way.

TOPERA, Ills., June 3.—Under the state law defining public nuisances and forbidding the sale of liquor to minors and habitual drunkards, the county attorney has caused the arrest of six "original package" house keepers, and Judge Gutierrez sent them to jail and ordered the establishment closed. Judge Foster, of the federal court, has released them on writs of habeas corpus. The county officials say they will continue making arrests under the state law and imprisoning offenders.

Engineer Dunn Found Guilty.

OAKLAND, Cal., June 3.—The coroner's jury in the case of the persons drowned by being dumped into the Oakland creek returned a verdict finding Engineer S. Dunn, who had charge of the train, guilty of manslaughter. The company was confined for not taking sufficient precaution to signal trains when they approach the drawbridge. A warrant for Dunn's arrest was then sworn out by the coroner.

Her Two Boys Were Drowned.

ST. LOUIS, June 3.—James S. Bell, chief of the secret service division of the treasury department, has been removed. His resignation was called for by Secretary Windham late Monday afternoon. The name of his successor has not yet been made public.

Went to Work at the Old Terms.

ROCHESTER, N. Y., June 3.—The strike of sand and shell makers for nine hours' work and ten hours' pay, which has been on here for six weeks, keeping 300 men idle, has been settled by the men going to work on the old terms.

The Vesuvius in Commission.

PHILADELPHIA, June 3.—At the League navy yard Monday the United States government took formal possession of the dynamic cruiser Vesuvius and that vessel was placed in commission as a man-of-war.

Death of Elder Northcutt.

Elder A. D. Northcutt aged 77 years died yesterday morning at 4 o'clock of apoplexy, at his home in Blue Mound. He had been sick about 10 days. He leaves a wife and several children.

Elder Northcutt was born in Kentucky 77 years ago and came to Illinois about 60 years ago. Since then he has been a resident of Christian and Macon counties, farming and preaching the gospel. He was widely known as one of the pioneer Christian ministers. He has had charge of the Saunders church and the Dingman church, both near Nauvoo. One year he was pastor of the Decatur church.

Elder Northcutt was married twice. The first time Miss Hathaway was his bride. They had three children. In 1845 his wife died, and in 1850 he married Miss Mary Haun, sister of Justice William L. Hamer. Seven children were the result of this union, and they all survive.

The funeral will be preached at the Christian church at Blue Mound by Elder A. C. Foster, at 10 a.m. June 4th, after which the remains will be taken to Nauvoo and buried in the Dingman cemetery.

Speeches were made last night by D. L. Bunn, Theo. Coleman, Kennedy Maxwell and Frank Bunn.

Miss Hattie Coleman gave a reading which was highly appreciated.

Flutes and Organs.

The best instruments at reasonable prices is the cause of this firm's success.

Blue Mound.

Special Correspondence to THE REVIEW.

The Rev. Willard returned from a visit to St. Louis yesterday.

J. D. Schwarter and wife returned home yesterday from Marshall, where they had been to bury their son Cornelius.

James McCoy, living west of Blue Mound, was badly hurt by the kick of a horse Saturday evening. His face was badly cut and his lower jaw fractured. Dr. Harvey was called and rendered the necessary aid.

Children's day was observed at the U. B. church Sunday, and concluded in the evening by a grand concert. The church was finely decorated with flowers and birds. In the evening the church was so full that a large number were unable to get in

Accidents.

Archie, the 6 year old son of A. J. Harris, of 513 East William street, is a very ambitious youth. Yesterday about dark he found that there is such a thing as teaching too high. While on top of the coal shed he took a tumble and struck on his head on the ground. A bad gash was cut over his left eye, and the eyeball was hurtful, but the skin was uninjured. Dr. W. B. Howlett did what was necessary.

Willie Rock, son of Jacob Rock at 606 South Broadway, undertook to crawl under a barbed wire fence yesterday. He got under but left a large part of his scalp on the fence, which did nearly as well as a Commancie could have done. The injury is not likely to be serious.

Real Estate Transfers.

Warren & Durfee to Lizzie Low Lagg, bond for deed to lot on North Edward st., \$425.

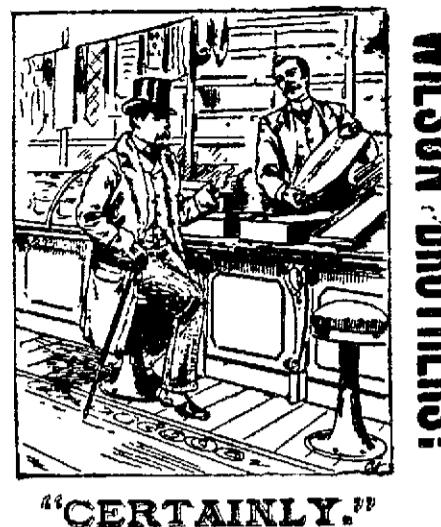

University of Illinois to James A. Patterson, a tract in Macon township, \$5,301.10.

WITH A SMILE ON HIS LIPS,
John Kalps Puts Down His Child to Take
His Own Life.

What now appears to be a most mysterious and unaccountable suicide was committed yesterday by John Kalps, Illinois Central yardmaster in Decatur. Kalps was a young man, 25 years old, who has been yardmaster here about two weeks, though he has been conductor on the Central for several years. He moved his family here from Clinton, only last Friday and fitted up a very pleasant home at the corner of Calhoun and Orchard streets.

Yesterday at noon when he went in the gate, going to his dinner, his little two year old child was on the step, crowding and laughing a greeting to its father. He took the child up, tossed it to the ceiling, and played with it a few minutes. Then he washed and sat down to the table with his wife and other child, about four years old. The meal was eaten as usual. The conversation was lively, though unimportant. So far as the wife knew there was nothing on her husband's mind to cause him anxiety or trouble.

After dinner Kalps lay on the bed, still tiddling the child. His wife asked him if he was not going to work that afternoon. He said, "yes, presently."

"Well," said she, "The whistle has blown just now."

"All right," was the reply, and he got up. Then the wife started to the kitchen to see about bread she was baking, and on the way noticed that her husband had gone to the bureau and taken out a piece of chalk, such as he used in marking box cars. He dropped that once but picked it up again.

As Mrs. Kalps was going out the door, she thought she saw her husband's revolver in his hand as he leaned over the drawer, but took no notice of that as his appearance was in every way as usual.

Passing on into the kitchen she had been there but a few moments when she heard a shot. Running back into the sitting room, she found her husband sitting in a chair near the door, leaning slightly forward, with blood and brains oozing out through a hole in his hat and falling in a pool on the floor. On the other side of the chair the youngest child was playing and cooing unconcernedly on the floor, while near it lay a handsome nickel plated .38 calibre revolver. The wife and mother screamed, and ran to her husband. But he didn't know her. He was unconscious then and never spoke to the horror stricken woman who looked so eagerly in the blood bespattered and powder burned face.

The man was still alive and when neighbors came they laid him on a mattress on the floor. Dr. C. P. Kennedy, Dr. A. D. Bridgeman were soon present, and Dr. W. J. Cheneveth as surgeon of the railroad, came later. The doctors found they could do nothing. The ball had gone into the right temple and passed downward to the base of the left ear. The revolver had been held at a point above the head. The straw hat Kalps wore had not been pushed back and the bullet had gone through it.

Kalps died about 2:30. An inquest was held last night by Coroner Bendure. The jury returned a verdict of suicide, though it assigned no cause. The witnesses examined were Mrs. Kalps and five or neighbors. They didn't have much to say. They agreed that Kalps had been in unusual spirits, and so far as they knew there was no reason why he should feel like taking his own life. None of them had seen any signs of despondency about him.

An employee of the Central yesterday said that Kalps had asked for his time and had intended to throw up the job here. He did that because he did not like the work here and thought he could not do it satisfactorily. He had told his wife that much.

Mr. W. R. Bresle has gone to Toronto to join her husband, who is still working on the Walton case in Canada.

Mrs. Jessie Craig has gone to Great Falls, Mont., after a visit here with her sister, Mrs. Harvey Mahannah.

H. B. Wheelock of Chicago, the Congregational church architect, came down yesterday to see how work was progressing.

Miss Bessie Reeme went to Jacksonville yesterday afternoon to attend commencement exercises of Illinois Female college.

Mrs. Moore, wife of Col. James Moore, U. S. A., St. Louis, has returned home after a visit here with the family of Dr. H. C. Johns.

Mrs. S. S. Bullard, mother of Elmer and J. B. Bullard, was expected to return this morning from a stay of several months at Leavenworth, Kan. She will be accompanied by her grandson, Robert Ritchie.

Among visitors to Decatur yesterday were: Mrs. William Ritchie, Mrs. Kate Funk and William Layman, Warrensburg; C. H. Bridges, Bement; Mrs. Dr. Buck and son, James Tolly and wife, Moseauqua.

Henry Butzeln, who is a former resident of Decatur, but for the past five years has lived in Denver, left last night for that city. He has been visiting relatives here, and was accompanied back to Denver by his brother Fred.

To Investigate the Troubles.

The executive committee of the state federation of the F. M. B. A., Grange and K. of L. met yesterday at Clinton and discussed matters of interest to the bodies represented. Who the members of the committee are has been kept secret. John Lindsey of Decatur, is a member, however, and he attended the meeting yesterday.

Two things discussed were the miners troubles and the railroad and warehouse commission. Sub committees were appointed to investigate both. The committee on the miners' difficulty is C. J. Lindsay, F. M. B. A., Robert McConnell, K. of L. and John Green of the Grange. All are prominent officers in the state organizations. Mr. Green is a resident of Macon county. The committee will commence work Monday by investigating the miners' troubles at Decatur the first thing.

The general committee expressed a strong feeling in favor of Wilson for state treasurer.

The Y. M. C. A.

The monthly meeting of the executive board of the Y. M. C. A. was held last night, and a showing made that is quite encouraging. In the last six weeks 30 new members have joined the association. A "band of workers" has been organized. It consists of 10 or 12 young men who will go to prayer meetings of different churches and assist the pastors in them, taking charge of the services entirely where that is desired. Eighty-eight letters were written to commercial travelers who were in the city over Sunday.

The president has called a meeting of the association for next Tuesday night.

Woman's Club Officers.

The annual meeting of the Woman's club was held yesterday afternoon at the Christian church. There was a good attendance, and a lively interest was taken in the various matters discussed. These officers were elected for the ensuing year:

President—Mrs. J. N. Randall.

Vice President—Mrs. George R. Bacon.

Secretary—Miss Alice Tyler.

Treasurer—Mrs. Charles Thomas.

A Picnic.

Mrs. Albert Barnes arranged a picnic at Springfield yesterday in honor of Mrs. W. H. Barry and Mrs. Charles Williams, of Chicago, her guests, and Mrs. G. D. Thomas, of Minneapolis. About 50 people, prominent in Decatur society, went out in carriages and hacks and passed a delightful afternoon and evening.

A Meeting.

The regular monthly meeting of the Industrial and Charitable Union had a meeting at the close of the Woman's club meeting last afternoon. No business was transacted and they adjourned to meet at the Woman's Exchange next Tuesday evening June 10, at 7 o'clock. By order of president Mrs. Johnson.

A CHURCH WEDDING.

Marriage of Dr. Albert L. Colling and Dr. Naomi A. Pierce.

A wedding of unusual interest was solemnized last night at the First Methodist church. It was the marriage of Dr. Albert L. Collins of Niantic, and Dr. Naomi A. Pierce of Decatur. Both are quite well known in Macon county as physicians of some years practice and success, and as very estimable young people besides, whose many admirable qualities have made for them numerous friends.

Promptly at 8 o'clock the notes of Mendelsohn's wedding march were heard pealing from the great pipe organ, at which Miss Florence Adams presided. A moment later the bridal party entered the building and proceeded up the two broad aisles, the bride and her bridesmaid, Miss Elizabeth Whitehurst, taking the south aisle and the groom, with his best man, Professor J. N. Dominey taking the north aisle. Each party was preceded by three lady ushers, who were Misses Lisa Jones, Minnie Davis, Kate Alken, Nellie Harris, of Peru, Ind.; Mary Raine and Ada Boyd.

At the altar the bride and groom stood under a handsome arch of rich green, which contrasted pleasantly with the light costumes of the ladies. The altar, the space back of it and the choir loft was an immense bank of flowers and plants, that made a charming background for the solemn group in front. Rev. James Miller said the words that made the couple man and wife, using the ring ceremony. At the conclusion the party left the building to the music of the same joyful march.

The bride's gown was a handsome one of cream serge, made with silk panels and trimmed with silk braid. There was no train, the neck was high and the sleeves long. For ornaments the bride wore the beautiful bride's roses, of which she also carried a cluster in her hand. The bridesmaid and ushers were all attired in cream colored gowns, and each carried roses.

After the ceremony an informal reception was held by Mr. and Mrs. Collins at their home, 325 North Main street, where they will reside. A great many friends called and extended sincere congratulations and earnest wishes for much happiness. There were some from out of the city, among whom were James Pierce, father of the bride, Mrs. L. E. Conover and daughter of Grigsbyville, and Miss Mary E. Landreth of Modesto, Cal. There were a number of handsome presents.

Dr. Collins and wife will reside at 2:55 North Main street and both will practice medicine in Decatur.

Police Notes.

Chris Stewart, the man who hit J. H. Millstead, the East Eldorado street car driver, "just for luck," was fined \$10 and costs yesterday by Justice Foster.

Dave Woods hit Ed Morris yesterday and then paid Square Hammer \$5 and costs for the fun he had. Both are tailors.

Morris is a union man and Woods is not.

Morris said Woods was a "scab." Woods thought he would try making a scab and the result was the fine.

William Schernahorn was before Justice

Custers yesterday to be examined on a charge of robbery and horse stealing. He is the man who took a horse and buggy and \$15 and "left out."

He was another case of mysterious disappearance, as he said he didn't know how he happened to take the things. The first

he knew he was at Cerro Gordo with the horse and buggy, though he didn't know where he got there. Then he had another fit of irrationality and drove on to Milline.

He came back to Decatur then, and the officers very strangely arrested him. The justice thought William ought to tell that story before the grand jury, and as he could not furnish \$150 bail, sent him to jail to keep him from going off again.

Surprise.

Miss Manie Welsh was agreeably surprised by a number of her young friends last night at her home at 416 East Condit street. Refreshments were served during the evening. Dancing, games and music were the enjoyments that passed the happy hours away. The company dispersed at a late hour. Those present were the Misses Molina and Lizzie Veale, Amelia Chatwell, Mamie Flynn, Annie and Kate Holland, Alice Welsh, Kate and May Delahunt, Little and Mamie Orchard, Lizzie Leahy, Kate Kilkeary, and George Holland, Mark Moran, Fred Keck, James Leahy, Willie Kennedy, May Laten, Johnnie Moses, Guy Standard, Jessie Green, Harry Hart, Robert Nicholson, Ed Smock, Tom Mehan, Lawrence Baldwin, Charley Ballard.

F. M. B. A. Doings.

The F. M. B. A. of Moultrie county had a convention at Sullivan Monday and nominated a full county ticket, as follows:

Judge, Capt. A. J. Freeland, rep.; clerk,

Abia Chippis, dem.; sheriff, John M. Kuhl,

dem.; treasurer, John E. Bolen, dem.; superintendant of schools, G. W. Monroe,

rep. A resolution was adopted that all officers' salaries should be reduced, and it is understood that the men named shall serve for lower wages if elected.

Macon Assembly, No. 993, has ordered 4,000 pounds of binding twine from State Agent James T. McElroy.

A New Company.

The secretary of state has issued articles

of incorporation to the Linn & Scruggs Dry Goods and Carpet company, which are to run 99 years. The capital stock is \$10,000, all paid up. The incorporators are W. H. Linn, W. R. Scruggs, and several others, among whom are some of the present employees of the firm. The business will be carried on about as it has been by Linn & Scruggs, and that firm and its methods are too well known to need any extended description here.

Buried at Ivesdale.

The remains of William Welsh were interred at Ivesdale yesterday evening, the funeral taking place from the home of his sister, Mrs. Bagley. Mr. Welsh was employed on the Wabash as bridge carpenter, until two months ago, when he went to a Virginia road. Saturday, while working on a bridge near Richmond, he was knocked off by a falling timber and fell 60 feet to instant death. He was 28 years old.

Not Very Enthusiastic.

The young republicans had called a meeting for last night for the purpose of reorganizing the club, and mapping out the campaign by which they are to wrest the party management from the bosses and give it to the young fellers. They didn't

make a very prosperous start however, as there wasn't enough enthusiasm to get out a quorum and adjournment was taken until the 10th inst.

The School Election.

John K. Warren, who has already served

several years, was re-elected member of the school board yesterday by the handsome

majority of 272 votes. That also expressed

the sum of the whole number of votes cast,

as there was no other candidate. Charles

Durfee and J. Q. A. Odor were judges,

while Frank Hardy acted as clerk. The

polls were at the tabernacle.

STRAY SCRAPS.

Capt. L. N. Martin went to Chicago last night.

Jack McWhinney was put in charge of the grand jury yesterday after the illness of Mr. Young.

A daughter was born on Tuesday, June 3d to Mr. and Mrs. G. F. Meredith, at 656 North Clinton street.

Mrs. L. L. Race will entertain friends at luncheon Thursday, in honor of Mrs. G. D. Thomas of Minneapolis.

The Wabash office here sold seven tickets to Denver last night. The cut rate was still on, but it will end on June 8.

H. F. Starbuck, of Chicago, was here yesterday to see the building committee of the Presbyterian church about plans.

County Treasurer Steele has already begun selling property for taxes. The sale began Monday, but has not fairly opened yet.

A large quantity of Dayton limestone is being hauled to the lot of Peter Loeb on Prairie avenue. It is to be used in the new residence soon to be erected there.

The sociable given last night at the residence of W. R. Buckmaster by the young ladies of the Congregational church was largely attended.

Work on the new Macedonia Baptist church on South Broadway is progressing satisfactorily. It is expected that the building will be enclosed by Saturday of this week.

George Hoyt of Quincy, a former resident of Decatur and a relative of the Bachman boys, was here yesterday. He left last night for Chicago.

The dealers in gasoline stoves do nothing now but descent upon the merits of the different kinds, and the day is hardly long enough for them to wait on the dozen or people who want to buy them.

The high school closes to-day. The commencement exercises will be held tomorrow morning at the opera house. An address will be
